"I felt pretty uncomfortable today during both practice sessions. I am not used to the layout of the track since this is the first time that I have been to Edmonton. As soon as I am able to get a comfortable set up, I am sure that I will find some speed in the Motorola car. The key for me is making sure I feel comfortable in the car. I am glad we get some more time in the car tomorrow before qualifying."

Hideki Mutoh, #27 Formula Dream Dallara/Honda/Firestone

“Today wasn’t a good day for the Formula Dream team. I was doing my best to learn the track but I spun in both sessions and I kissed the wall in the second session. The car wasn’t damaged so that was good, but it was a frustrating day for me. We will gather all the information and hopefully we will be able to improve the car for tomorrow and get a good starting position in qualifying.”
