Marco Andretti, #26 Blockbuster Dallara/Honda/Firestone

"We were making changes to the Blockbuster car during the afternoon session and were able to improve. We're still struggling with overall grip, though. Since they sealed the track it seems like it is lacking a bit of grip. It seems like what we do to fix one end of the car only messes with the other end of the car. I think we've found the balance, now we just need to find some grip."

"Obviously it got a lot hotter this afternoon and there are a lot of cars from other formulas out there with different types of tires and rubber. That definitely had an effect on the slower times in the afternoon session. For the Team 7-Eleven guys, though, we're happy. The car is pretty good. It's pretty balanced at high speeds."
